# Why join the IEU as a student?

Be part of the professional voice of teachers and know your rights.

## Want free PD?

Access a range of useful professional development courses that will help you while you are studying so you can get to know your profession and connect with teachers.

## Finished studying?

Are you on the hunt for work? We can assist with answering questions about non government schools and early childhood centres. You can also stay connected with other graduates.

## Have a question about non government employers?

We can give you information about all salaries in NSW and the ACT if you work in a Catholic, independent or any non government school or early childhood centre. Don't get ripped off - the IEU recovered more than \$9.5 million for members over the last three years.

## Need help with accreditation?

We can help with your NESA applications.

## You landed the job! Congratulations

Update your membership and we can help you with understanding your contract, check you are classified correctly and getting the right pay.

## And for students it's free

### You want more?

DISCOUNTS on shopping with Union Shopper.

GOOD VALUE health insurance with Teachers Health.

HIGH PERFORMING and low fee superannuation with NGS.

# The IEU Zone: Your Digital Community

## What is the IEU Zone?

The IEU Zone <http://theieuzone.org.au> is your digital community. It's an online site where members of the IEU can come together, share ideas and resources, get and give advice and undertake NESA Registered professional development. It's a place for teachers and support staff to build their professional and industrial skills, and to grow the power and influence of their union.

## What's on The Zone?

The Zone is a digital community. There are lots of different ways that it can be used. The development team are listening to suggestions and will add more features throughout 2020 and beyond. Here's what's available there now:

Professional Development | Resources and Materials | Member Education | Blogs | Forums | Mentoring

## How do I get onto The Zone?

It's really straightforward to get onto The Zone. The most important thing is that access to the IEU Zone is only open to members, so join the IEUA NSW/ACT (membership is free for pre-service teachers).

## Once you've joined, do the following

1. Go to <http://theieuzone.org.au>
2. Sign up, using your full name (so we can confirm your membership).
3. We will then approve your membership (within 72 hours) and you will receive an email from us confirming that.
4. You can now access all the features of The Zone.

The IEU Zone is entirely FREE for student members (and also full IEU members).

We always want to hear from pre-service teachers! We'd love to hear from you if you have comments, want to write a blog or have other ideas. You can email us at [pd@ieu.asn.au](mailto:pd@ieu.asn.au) or join our Facebook Group: <https://www.facebook.com/groups/IEUpreserviceteachers/>
